

Circle Review Worksheet

Name: _____ Hour: _____ Date: _____

Find the radius, diameter, circumference and area of the circle below.

Radius: 5.3 m

Diameter: 10.6 m

Circumference: $C = \pi d$
 $C = 3.14 \times 10.6$
 $C = 33.284 \text{ m}$

Area: $A = \pi r^2$
 $A = (3.14) (5.3 \text{ m})^2$
88.2026 m²

Find the radius, diameter, circumference and the approximate area for each circle below. To find the approximate area, please use 3.14 for π . **SHOW WORK!**
